

COMPOST SOLUTIONS PERMIT APPLICATION—LIST OF PUBLIC COMMENTS

Date & Time Received	Comment Received by	Person Commenting & Contact Information	Comments Received
4/12/12 11:00 am	Telephone	Marion & Diana Kirby 6905 County Road 27 Orland, CA 95963 (530) 865-9465	Odor —current operation produces seasonal odors a few weeks during the year. They are concerned about increased odors from composting of biosolids. Runoff/leachate —current operation produces runoff that leaves facility and runs across street to commenter’s property during very heavy rains. They are concerned about sewage runoff onto their property.
4/17/12 1:30 pm	In person	Marion & Diana Kirby 6905 County Road 27 Orland, CA 95963 (530) 865-9465	See attached letter. Discussed project with Mr. & Mrs. Kirby for 75 minutes at office. Received a written letter from them and provided all documents pertaining to project (Draft Permit, RCSI, OIMP, CEQA/CUP Docs, Public Hearing Docs). They stated they will be submitting an addendum letter to address items discussed at meeting.
4/20/12	Mail	Marion & Diana Kirby 6905 County Road 27 Orland, CA 95963 (530) 865-9465	See attached letter. Received an addendum with additional comments from Mr. & Mrs. Kirby.
5/3/12	Public Meeting	Multiple Commenting Parties	See attached document entitled <i>Public Informational Meeting—Meeting Summary</i>. Various comments were received and addressed at the public informational meeting.
5/9/12	Email	Marion & Diana Kirby 6905 County Road 27 Orland, CA 95963 (530) 865-9465	See attached email correspondence. Questioned whether or not they were properly noticed in CEQA & CUP public hearing process; reiterated complaints about odor.
5/10/12	Phone	Steve Spellman TM Duche Nut Co. (530) 865-5511	See attached summary of phone conversation. Questions regarding potential airborne & waterborne contamination of almonds in orchard, particularly during harvest
5/10/12	In Person	Maureen Bailey	See attached summary of office conversation. She had questions largely regarding feeling left out of CEQA/CUP process, traffic, and operating hours.
